Letters of Transmittal

His Honour, The Honourable W. Thomas Molloy
Lieutenant Governor of the Province of Saskatchewan

May it Please Your Honour:

I have the honour to transmit herewith the twenty-sixth Annual Report of the Public Employees Dental Fund for the year ending December 31, 2017.

Donna Harpauer
Minister of Finance

The Honourable Donna Harpauer
Minister of Finance

Madam:

On behalf of the Public Employees Benefits Agency, I have the honour to transmit herewith the twenty-sixth Annual Report of the Public Employees Dental Fund for the year ending December 31, 2017.

Dave Wild
Associate Deputy Minister
Public Employees Benefits Agency
Ministry of Finance

Public Employees Dental Fund

Introduction

The Public Employees Dental Plan was established on February 1, 1982.

The intent of the Plan is to promote good dental health by reducing costs for preventive, routine and major restorative dental work.

Coverage is provided to employees of Executive Government, several Crown Corporations and various Agencies, Boards and Commissions as approved by the Lieutenant Governor in Council.

Spouses and dependent children are also eligible for coverage under the Plan.

As at December 31, 2017, there were approximately 27,485 insured employees.

Participating Employers

The following employers participate in The Government of Saskatchewan Public Employees Dental Plan:

Advocate for Children and Youth (Office of the Board of Arbitration under *The Surface Rights Acquisition and Compensation Act* (The Cafeteria Board of Saskatchewan
Chief Electoral Officer (Office of the eHealth Saskatchewan

 Ombudsman
 Provincial Auditor
 Public Interest Disclosure Commissioner
 Senior Justices of the Peace, appointed under section 4 of *The Justices of the Peace Act, 1988*
 Supervising Justice of the Peace, appointed under section 3 of *The Justices of the Peace Act, 1988*

Eligible dental expenses are reimbursed to a maximum of the fees outlined in the suggested fee guide issued by the College of Dental Surgeons of Saskatchewan.

Additional coverage for enhanced dental benefits has been provided for certain employer and union groups.

Administration

The Public Employees Dental Plan is self-insured and is managed by the Public Employees Benefits Agency, Ministry of Finance.

The Great-West Life Assurance Company is on contract under an Administrative Services Only agreement to provide claims adjudication and benefit payment services to the Plan.

Contributions/Claims Experience

	<u>Dec 31, 2017</u>	<u>Dec 31, 2016</u>
Contributions	\$23,993,983	\$24,121,992
Claims	\$27,315,233	\$26,688,106
Claims Paid (# of)	111,191	110,194

Funding

Funding for the Plan is totally employer paid as a percentage of gross salary. Effective April 1, 2003, premium funding was paid at a straight rate of 0.9 per cent of gross salary.

Effective April 1, 2006, premium funding was paid at a straight rate of 1.4 per cent of gross salary.

Effective July 1, 2009, premium funding was paid at a straight rate of 1.15 per cent of gross salary.

Effective April 1, 2014, premium funding was paid at a straight rate of 0.85 per cent of gross salary.

Benefits

The Plan provides three levels of coverage as follows:

	<u>Reimbursement</u>
Level I Preventive Services	100%
Level II Basic & Routine Services	75%
Level III Major Restorative Services	50%

Management's Report

To the Members of the Legislative Assembly of Saskatchewan

As members of management of the Public Employees Dental Fund, we are responsible for the preparation and presentation of the following financial statements in accordance with Canadian public sector accounting standards applied on a basis consistent with that of the preceding year.

The significant accounting policies adopted in the preparation of the financial statements are fully and fairly disclosed in the financial statements.

The Public Employees Dental Fund has a system of internal controls adequate to provide reasonable assurance that the accounts are faithfully and properly kept to permit the preparation of accurate financial statements in accordance with Canadian public sector accounting standards.

Enclosed are the financial statements of the Public Employees Dental Fund for the year ended December 31, 2017, and the Provincial Auditor's report on these financial statements.

A handwritten signature in black ink, appearing to read 'Dave Wild', with a stylized flourish at the end.

Public Employees Dental Fund

Financial Statements

Year Ended December 31, 2017

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

I have audited the accompanying financial statements of the Public Employees Dental Fund, which comprise the statement of financial position as at December 31, 2017, and the statements of operations and change in net financial assets, and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Public Employees Dental Fund as at December 31, 2017, and the results of its operations, changes in its net financial assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Regina, Saskatchewan
April 4, 2018

Judy Ferguson, FCPA, FCA
Provincial Auditor

Public Employees Dental Fund Notes to the Financial Statements

December 31, 2017

1. Description of the Fund

The Public Employees Dental Fund (Dental Fund) is used to account for the transactions of the Public Employees Dental Plan (Plan). The Plan was established February 1, 1982, and continues under subsection 64(2) of *The Financial Administration Act, 1993*. The Plan is designed to promote good dental health among plan members by reducing the members' costs for preventive, routine and major dental services. The Plan consists of core and enhanced dental benefits.

The Plan is funded entirely by the employers who are members of the Plan. Employers consist of the Public Service of Saskatchewan as defined by *The Public Service Act, 1998*, and certain Saskatchewan Crown agencies, whose participation in the Plan has been approved by the Lieutenant Governor in Council.

Participating employers pay for the core benefits by contributing 0.85 per cent of gross salary.

Enhanced dental benefits are provided to employees of certain participating employers. Each participating employer pays for any enhanced benefits it provides to its employees. Participating employers pay for these enhanced benefits by contributing a straight percentage of gross salary, a predetermined amount per employee, or lump-sum payments. These employers are responsible to ensure amounts contributed are sufficient to pay for the enhanced benefits and administration costs. If amounts contributed are not sufficient to pay for the enhanced benefits and administration costs, the employers must remit additional contributions. Where contributions exceed the enhanced benefits and administration costs, employers may seek a refund of surplus contributions by submitting a formal request to the Dental Fund. At December 31, 2017, an accumulated surplus of \$2,131,743 (2016 - \$2,222,414) relating to the enhanced benefits is included in net financial assets.

The Extended Health Care Plan, Joint Board of Trustees (Joint Board) authorized the Public Employees Benefits Agency (PEBA) to transfer adequate resources from the PS/GE SGEU Benefit Plans' Surplus Fund to the Dental Fund in order to provide enhanced dental benefits to participating SGEU members to December 31, 2017. Accordingly, on April 11 2017, the Joint Board authorized a transfer of \$600,000 (2016 - \$600,000) from the PS/GE SGEU Benefit Plans' Surplus Fund to the Dental Fund.

PEBA administers the Plan. Under an agreement with The Great-West Life Assurance Company, claims are adjudicated and processed for payment.

2. Significant Accounting Policies

These financial statements are prepared in accordance with Canadian public sector accounting standards. These statements do not present a Statement of Remeasurement Gains and Losses as the Plan has no remeasurement gains or losses. The following accounting policies are considered significant:

a) Employer Contributions

Employers are billed premiums at the end of each month. Premiums are recognized as revenue when due.

b) Interest Revenue

Interest is recognized as income when earned.

c) Transfers from Extended Health Care Plan

Extended Health Care Plan Transfers are recorded as income when authorized by the Joint Board.

d) Unpaid Claims

The provision for unpaid claims represents a provision for the cost of claims reported but not paid prior to year-end and an estimate of claims incurred but not reported based upon past claims experience.

e) Accounts Payable and Accrued Liabilities

The estimate of adjudication expenses to be incurred on claims not yet paid is included in the provision for accounts payable.

f) Use of Estimates

The preparation of financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets, if any, and liabilities at the date of the financial statements and the reported amounts of revenue and expenses for the year. Significant items subject to such estimates and assumptions include the determination of the provision for unpaid claims and adjudication expenses to be incurred on claims not yet paid. Claims payable includes an estimated accrual for unpaid claims not reported for 2017 of \$683,175 (2016 - \$645,618) with related adjudication expenses on these claims of \$26,917 (2016 - \$25,437). Actual results could differ from those estimates.

g) Financial Assets and Liabilities

The Canadian Public Sector Accounting Handbook, Section 3450 establishes standards for recognizing and measuring financial assets and financial liabilities. The measurement basis depends on whether the financial assets or liabilities have been categorized in one of two measurement categories: fair value, cost or amortized cost.

The Dental Fund's financial assets include due from the General Revenue Fund, employer contributions receivable, and interest receivable. The Dental Fund's financial liabilities include accounts payable and accrued liabilities, and the provision for unpaid claims. The Dental Fund has categorized and measured all its financial assets and financial liabilities at cost. The Dental Fund has no derivative financial instruments and does not have any contracts with embedded derivatives.

3. Due from General Revenue Fund

The Dental Fund bank account is included in the Consolidated Offset Bank Concentration arrangement for the Government of Saskatchewan.

The Dental Fund's interest income is calculated and paid by the General Revenue Fund on a quarterly basis into the Dental Fund's bank account using the Government's thirty-day borrowing rate, and the Dental Fund's average daily bank account balance. The Government's average thirty-day borrowing rate in 2017 was 0.70 per cent (2016 – 0.55 per cent).

4. Administration Expenses

PEBA administers the Dental Fund for a mutually agreed upon fee. The Dental Fund pays these administration expenses on dates agreed to by PEBA. Included in accounts payable is \$32,424 (2016 - \$16,793) due to PEBA.

5. Related Party Transactions

Included in these financial statements are transactions with various Saskatchewan Crown corporations, ministries, agencies, boards and commissions related to the Dental Fund by virtue of common control by the Government of Saskatchewan and non-Crown corporations and enterprises subject to joint control or significant influence by the Government of Saskatchewan (collectively referred to as "related parties"). These transactions are recorded at the agreed upon exchange amounts charged by these organizations.

All employer contributions and employer contribution receivables are from related parties.

Other transactions with related parties and amounts due to or from them are described separately in the financial statements and notes thereto.

6. Financial Risk Management

The nature of the Dental Fund's operations results in a statement of financial position that consists primarily of financial instruments. The risks that arise are credit risk and liquidity risk. The Dental Fund is not exposed to any market risk as the Dental Fund does not invest excess cash outside of its bank account.

Credit risk

Credit risk is the risk that one party does not pay funds owed to another party. The Dental Fund's credit risk arises primarily from the following distinct sources:

	<u>2017</u>	<u>2016</u>
Due from General Revenue Fund	\$ 21,106,928	\$ 25,702,464
Employer Contributions Receivable	868,805	673,316
Interest Receivable	54,330	34,191

The maximum credit risk to which the Dental Fund is exposed is limited to the carrying value of the financial assets summarized above.

Credit risk is managed by dealing with only reputable sources. Risk on employer contributions receivable is minimal as all monthly contributions are due from employers within 30 days. The Due from General Revenue Fund account is minimal risk as the funds are held in the Dental Fund's own bank account under the Consolidated Offset Bank arrangement for the Government of Saskatchewan. The risk on the interest receivable is minimal as the receivable relates to bank interest. There has been no change in the risk exposure in 2017.

Liquidity risk

Liquidity risk is the risk that the Dental Fund is unable to meet its financial obligations as they fall due. The Dental Fund manages this risk by holding significant funds in its bank account (Due from General Revenue Fund). There has been no change in the risk exposure in 2017.

7. Provision for Unpaid Claims

The provision for unpaid claims includes claims that have been incurred but not yet reported at year-end.

Management estimated the claims incurred but not reported at year-end totaled \$683,175 (2016 - \$645,618). The establishment of the estimate for unpaid claims incurred but not yet reported relies on a number of factors which necessarily involves risks that the actual results may differ materially from the estimates in the near term. However, dental claims are short-term claims and tend to be reasonably predictable.

Claims reported but not paid until January 2018, totaled \$72,289 (January 2017 - \$79,644). In 2017, the Dental Fund paid \$616,196 related to claims incurred prior to December 31, 2016 (2016 - \$658,717).

8. Provincial Sales Tax

Provincial Sales Tax of six per cent applies to all claims incurred and adjudication expenses with an effective date on or after August 1, 2017. Subsequent to year end, the rules pertaining to the collection of PST have changed (see Note 10).

9. Budget

PEBA approved the annual budget for the Dental Fund on December 21, 2016.

10. Subsequent Event

On February 26, 2018, the Government of Saskatchewan announced that there will be a reinstatement of the PST exemption on life and health insurance premiums. The exemption is retroactive to August 1, 2017. As a result, the Plan expects a refund of \$689,502 in Provincial Sales Tax expense.
