

### A new system to enhance your service from MEPP!

The Municipal Employees' Pension Plan (MEPP) is excited to announce the release of a new administration system! The new system will be accessible to employers in early 2018.

This new client centric system uses the latest technology to provide employers with many self-service capabilities — meaning everything you need from MEPP will be accessible in **one spot**.

### Making it easier than ever to connect with MEPP!

This new system will allow you to take advantage of the convenient and user-friendly self-service functions while improving your overall service experience.

You will now be able to remit virtually all work electronically providing increased efficiency. This includes:

- Contributions;
- Enrolments;
- Changes in Employment Status (termination, retirement, death);
- Changes in Personal Data; and
- Changes in Enrolment Status (layoffs, return to work, etc.).

As a way to protect your employees' privacy, employee numbers (provided by employers) will now be used to provide remittances rather than Social Insurance Numbers (SIN) as previously required.

Employers will soon receive procedures for entering electronically remitted information into the new system. Scheduled training will be held this fall with specific dates and locations being sent out in the near future.

If you have any questions regarding the new administration system, please contact your Customer Focus Coordinator at [Darlene.Glowa@peba.gov.sk.ca](mailto:Darlene.Glowa@peba.gov.sk.ca).
